PROFILE SUMMARY

Experienced Software Engineer specializing in full-stack development, I am seeking a full-time role where I can leverage my expertise in designing and developing scalable, high-performance web applications. With a strong foundation in modern technologies and a commitment to continuous learning, I aim to contribute to innovative projects while fostering organizational growth and advancing my skills in the ever-evolving tech landscape.

WORK EXPERIENCE

BROADLINE INOVATIONS   MARCH 2024 - PRESENT
Full stack Web Developer

- Collaborated with cross-functional teams to address technical challenges and ensure efficient project delivery and Resolved legacy system issues, enhancing performance and maintaining stability.
- Developed and deployed scalable web applications on secure servers from the ground up.
- Maintained and enhanced existing projects, aligning with evolving business needs.
- Adhered to quality standards and best practices throughout the software development lifecycle.
- Designed user-centric web interfaces to improve user engagement and experience.

ALLDIGI TECH LIMITED   JULY 2023 - FEB 2024
Technical and Customer Support Officer

- Engaged in real-time text-based communication with customers to provide timely and accurate assistance, ensuring a positive customer experience.
- Managed multiple chat conversations simultaneously, demonstrating the ability to multitask and prioritize effectively.

SELF-DECLARATION

I set high standards for myself and strive to achieve my ambitions with determination and focus. With a strong passion for learning new technologies and solving complex problems, I bring analytical skills, dedication, and teamwork to every project. I am confident in my ability to contribute meaningfully to organizational success.
